Zoom Info

Zoom is an online video chat platform that allows us to communicate with students in a large group.

How to set up a zoom account

1. Go to: www.zoom.us

2. Create an account

3. Up in the right hand corner click on "Sign up it's Free"

4. Enter email-**please use the email address that we use for whole class communication (ex: newsletter and reminders)**

5. You will receive a confirmation email

6. Activate your account from here

7. Return to zoom website

8. Enter first name/last name and create a password

9. Skip "Invite Colleagues"

10. 10. It may give you a meeting URL but you won't need this

This is the end of setting up the account

The following steps are for joining a meeting I set up... I will email when the first meeting is scheduled

11. You will receive an email and it will have an URL 12. Click on the URL

13. Open the link

14. It will start a download

15. Open it up after it downloads

16. It will ask you "Make changes to your computer?" Click on yes

17. Join the meeting

18. Make sure you click audio (you made need to look at the bottom left of the screen and unclick the red cross over the video camera)

19. Wait for the meeting
