

Cool School News Homework Assignment

Due on or before Thursday, January 6th
10th

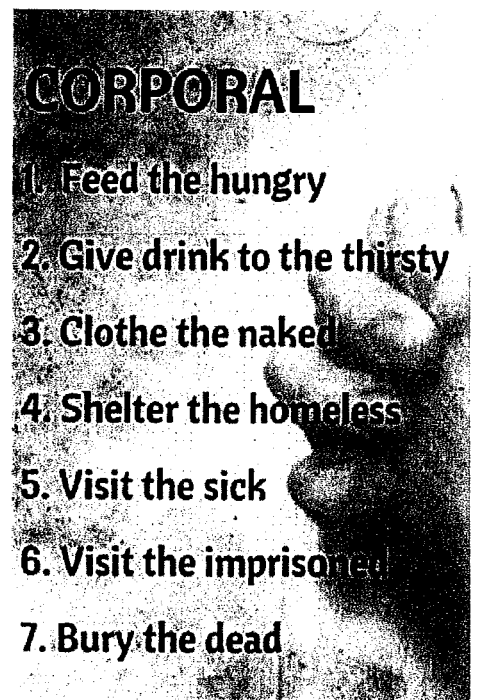

Directions:

At school we have been learning about the **Corporal Works of Mercy**. With your family, think of a person that you know that follows one or more of the Works of Mercy regularly.

On the back of this paper use the graphic organizer to gather enough information so that you can write your "News Report" on this person **at school**. You will need to include: **What are the actions your chosen person does to follow one or more of the Works of Mercy. Sometimes the job the person has is part of this, sometimes it is things they do outside of their job, and sometimes it is both!**

Be sure your notes are **spelled correctly** and **detailed** enough so that you will be able to create a complete **final draft at school**.

You should not write your news report at home, just notes on the back of this sheet that you can use to write the news report at school. Similar to what you did for your Saint Report.

Name:

Date:

 **Newspapers are a collection of main ideas & details!** In a news article, the headline is the main idea while the article itself gives the supporting details. The picture of an article usually explains the headline (main idea).
 Your article will focus on someone you know that lives out one or more of the Corporal Works of Mercy. Use this sheet to write bullet points about the person that you will later use to write an article. Include as many important details as you can.
